

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry attackumentary, which is clearly nothing more than propaganda, is a disgrace, and it is the FCC's job to stop this illegal conduct. This is funded by Republicans and the Swiftboat Vets group that has been soundly discredited by every major news organization. This flouts all the rules, and if these rules are not upheld, then they are a joke. Our nation will be a free for all on the airwaves during every subsequent campaign. This does not serve the public interest. If they were really just interested in reporting the news, why is this coming just days before the election? Thank you.
